What Kingdom do **today**, our competition do **tomorrow**.

Ai CCTV Tower

The Ai CCTV Tower - The most advanced Temporary Site CCTV Solution available!

Incorporating "Deep Learning" Ai Detection, the system actually learns the normal patterns of activity on your site to help identify anything unusual or untoward.

By classifying each alarm and distinguishing between animals, vehicles, people or just debris blowing round site, our monitoring team are presented with clear, concise information allowing for an immediate response.

So much more than just security!

The Ai CCTV Tower also includes a number of features that make it an invaluable tool for Health and Safety and Site Management

- With Two Way Audio that allows you to speak to staff on site from wherever you are, via the free App (for phone or tablet).
- Multiple Pre-recorded audio announcements, scheduled to play at regular intervals to remind visitors / staff on site about PPE, Social Distancing, Specific Site Hazards
- 24/7 Access to Live or Recorded images (Typically 30 days storage) for monitoring or review

Tailored solutions to meet your specific site requirements!

The system can be enhanced further to meet the requirements of virtually any site, via an wealth of extras such as:

- Long range perimeter security (up to 2km) via Thermal
- Early Fire Detection Warning System via Thermal
- Vehicle Access Management via ANPR (Automatic Number Plate Recognition)
- Time-lapse Video Capture (Includes Free Production Service)

Solar Farms

KINGDOM SYSTEMS

What Kingdom do **today**, our competition do **tomorrow**.

Why we are good to do business with

What our clients say

"I'm very pleased with the performance of our system. It was only activated the once however the Mobile Response was very quick in determining that it was the building owners' operatives carrying out unplanned works. The written reports that followed were extremely detailed and professional. I would certainly promote the use of this system on all future projects."

John Toland – Ogilvie Construction

"On behalf of the management team here at Cruden Homes I would like to say a big thank you, for the thoroughly professional and pro-active manner in which you and your team managed all of our security arrangements over the difficult lockdown period. Not that i did not expect anything else from you and your team based on your past performances, but I and our Board of Directors would like to pass on our appreciation of the excellent service we received."

Mark Nolan – Cruden Homes
